DeVilbiss Air Compressor Parts

TUNE UP KITS TUK's with Wearing Valve Parts

To simplify ordering parts for single machine repair, **TUK's** have been assembled which include Gasket Kit, Piston Ring Kit, intake filter element (listed below), insert bearings, oil seal valve discs & springs, to recondition one compressor. Valve Guides are not included in our **TUK's**, and are no longer included in DeVilbiss **VRK's** or **OK's**. Please note that a more complete filter selection can be found in the AIR & OIL FILTER Section.

VALVE SET TUNE UP KITS VSTUK's with Complete Replacement Valves.

VSTUK's have been assembled which include all parts in **TUK's**, with Complete Replacement Valves instead of Wearing Valve Parts. Your cost can be calculated by adding the **EXTRA VSTUK COST** to the **TUK** cost in the table below. Order by starting the part number with **VSTUK** instead of **TUK**. **NOTE:** DeVilbiss has changed the seats in the 445 450 5 and 445 421 7 valves from Brass to Steel. Our standard kits use valves like DeVilbiss sells. If you want Brass Seats, put the letter "R" before the DE in the kit part number. The price is the same.

UNDERSIZE BEARING KITS

If you want any of the kits assembled with Undersize Bearings, insert the letter "U" before the "DE" in the TUK part number for .010 Undersize Bearings, or insert the letter "W" before the "DE" for .020 Undersize Bearings.

DeVilbiss Air Compressor Parts

HEAD OVERHAUL KITS HOK's with Wearing Valve Parts

To simplify ordering parts for single machine valve and cylinder head repair, HEAD OVERHAUL KITS have been assembled with, intake filter element (listed below), all necessary O-rings, valve discs, valve springs, valve gaskets, and head gaskets to recondition valves for one compressor. Valve Guides are not included in our HOK's, and are no longer included in DeVilbiss VRK's. Please note that a more complete filter selection can be found in the AIR & OIL FILTER Section.

VALVE SET HEAD OVERHAUL KITS VSHOK's with Complete Replacement Valves.

VSHOK's have been assembled which include all parts in HOK's, with Complete Replacement Valves instead of Wearing Valve Parts. **Note:** Please read Valve Seat note under VSTUK heading above.
